to ask Diver Dana questions about diving.

Exploration #2

Location: _____

Date: ____ / ____ / ____

Time: ____ : ____ AM PM

Water Temperature: _____°F

Air Temperature: _____°F

Conditions

Tide High Low

Actual _____ ft.

Weather Cloudy  Partly Cloudy 

Clear  Foggy 

Keep Exploring

Print out your favorite tidepool animal at www.mbayaq.org/underwaterexplorers/ and then paste or draw it here.

Underwater Explorers' Tide Pool Pledge

When I go to the ocean, I promise to:

- 1** Visit with care. I'll leave every animal, rock, and shell where I found it. I'll also leave the beach cleaner than I found it.
- 2** Touch gently. I'll look more than touch and leave animals underwater or on the rocks.
- 3** Watch my step. I'll stay on bare rocks so I don't step on animals or rip seaweed.
- 4** Be safe. I'll visit when the tide is low and going out, and I'll keep my eyes out for waves.
